COUPLES CLUB HOLD DANCE

Mattapoisett Congregational Couples Club held a dance, "Maybasket Twirl," in the parish hall Saturday night with about 46 couples attending.

Music was furnished by Al Spirlet and his orchestra. Jack Norwood of Fairhaven, a former Mattapoisett resident, sang a few songs with the orchestra. During intermission, John German, a club member, offered some piano mood music.

The gaily decorated hall was complete with pastel colored streamers and a huge May Basket of seasonal flowers adorned the stage. Each

CATHOLIC CHARITIES APPEAL MAY 5-15

An army of 12,000 volunteers is now visiting homes throughout the diocese in behalf of the 1963 Catholic Charities Appeal. These dedicated people carry the hopes of the great many beneficiaries of the 1963 charities. These worthy causes depend on the generous support of all the homes of the diocese. We join in the hopes of the workers that this latest effort in behalf of God's needy ones will be the most sucessful ever undertaken. All may be assured, that whatever the individual contributor can do for this work will be valued, appreciated and will do much good in the Community.

EXCEPTIONAL CHARACTER & SERVICE

Admiration certainly is felt throughout the town for the work of the Mattapoisett Juvenile Grange. Last week, we printed a photo of the presentation of a life ring to Mattapoisett Fire Chief Kenneth Wood. This ring will be part of the equipment for the Mattapoisett rescue truck. This gift by these young citizens is the latest of many such contributions to the community. They were not asked to do this; it was their idea. Recently the crew of the rescue truck was invited to a Juvenile meeting to explain the function of this unit and when they finished these young people

asked what they could do to make the rescue truck more effective. They were told that a life ring was needed. They promptly obtained this item and it is now in use with the fire department. This is citizenship. These young Grangers are constantly building something fine for their community and, in this process, they are creating something solid and admirable within themselves. These are youngsters who have self respect and community responsibility. Their parents can be proud that these boys and girls are among the best the town can offer for the future. The entire town is proud of them.

OR BAND TRAVELS TO ADAMS

The Old Rochester Regional High School band traveled to Adams Mass. last week-end for a joint conference with the Adams Memorial High School band. They left by bus Friday at 8 A.M. via the Mohawk Trail arriving at 12:30 in Adams.

A rehearsal was held in the afternoon, and a dance at Adams High was held at night. A joint concert of both bands was held Saturday night. As a special attraction Joyce Ladner danced. Thirty-four members of the band went, accompanied by Dr. and Mrs. David Goodenough, Mr. and Mrs. Edwin Rinta and Mr. and Mrs. William Matthews. All were guests in private homes in Adams.

The Adams High band will visit here the week-end of May 31st. A concert will be held Saturday, June 1st, at the Old Rochester Regional High School auditorium.

LETTER TO THE EDITOR

Dear Sir:

Through your columns, I would appreciate the opportunity to thank the citizens of Marion, Mattapoisett and Rochester for their financial help on "Dollars for Scholars" day Saturday, April 27.

Many of our citizens demonstrated their belief in the objectives of the Citizens Scholarship Foundation and in the American way of accomplishing worthwhile results.

We look forward with confidence to 1964 knowing that every single citizen in our district will join with us next year.

Many thanks to you all.

Sincerely
Norman J. Cartmill, president

PRAISE FOR MATTAPOISETT POLICE DEPT.

Most people in Mattapoisett knew Rocket, the boxer, companion to his master Jim Haskell at the donut shop. On May 4th, he went to work with Jim as always. During the late afternoon, the dog attempted to cross Route 6 but he never made it, for some careless driver ran him down. Jim tried to locate the dog in the dark but could-

VANISHED IN THE CARIBBEAN

If you have good friends who like conversation and ideas, then no doubt you have kicked around a logic game which goes like this. If surf pounds in on a beach, it makes noise. Since noise is formed from sound waves, it is dependent on a generator and a receiver. In other words, the waves generate the sound waves and the ear receives these waves and converts them to the sound of surf in the brain of the spectator. If we accept this proposition, let us imagine that the beach in question is completely deserted by all life. Then, when the wave hits the beach is there any noise? This one idea is usually good for quite a little time with arguments on both sides.

In the last few months, the Administration has been playing this same game. For instance, we count X number of missiles on Cuban launching pads. Therefore, we assume that Cuba contains X number of missiles. We count X number of cylindrical objects on the decks of ships leaving Cuba. Are all the missiles back in Russia? We count a Russian army of thousands in Cuba. We call all the members of this army technicians. Does this eliminate the Russian Army in Cuba? We observe antiaircraft gun positions, short range rocket positions, Russian MIG fighters and we are concerned by the threat of being shot down. We call all of these guns, rockets and planes "defensive". Is the threat of being shot gone?

You may have your own argument. Secretary of State Rusk declared last week in headlines through out the United States, "The Cuban Threat is Over".

This is the Word. Is it true? Assuming a few propositions it is. If all the people of the U.S. close their eyes, they can't see Cuba. If they plug their ears and hold their noses then they will not hear or smell Cuba. For the United States, Cuba will then cease to exist. If the island has vanished from the Caribbean, there is no Communist military base and thus no Communist penetration into this hemisphere. It's that simple. The Cuban Threat is Over.

It is a fact, however, that U. S. commercial airliners are still being detoured around the spot in the Caribbean that once was the location of the island of Cuba. DCJ.

JUVENILE GRANGE DAY

Marion Grange officers who attended Statewide Juvenile Grange Day, held at Acushnet Grange, were John W. Bower, past Master and present chairman of the State Grange Youth Committee; Mrs. Bower, secretary and past Master; Ennis Newell, treasurer; Mrs. Newell, pomona; Mrs. Edna L. Borden, member of the executive committee.

Especially impressive was the address of Mrs. Lucille Fredericks, of Columbus, Ohio, Juvenile Superintendent of the National Grange, who warned the Juvenile members and adults of the dangers of Communist infiltration in America. She cited personal observations from her overseas travels.

John E. Johnson of Chelmsford, master of the State Grange, and Mrs. Johnson, State Grange lecturer, and Mrs. Gladys Reed, Juvenile Superintendent of the State Grange, were guests

and addressed the gathering of over 300. The meeting was arranged by Juvenile Deputies Mrs. Mildred LeBaron of Mattapoisett and Charles Fuller of Pocasset. Supper was served by Acushnet Grange.

After supper, the Marion group drove to Attleboro Grange, where Bay State Pomona Grange Youth Committee filled the chairs and furnished the evening program, a farm minstrel show, which was very humorous, and well received.

The State Grange Home and Community Service Committee is sponsoring Squantum Day at Old Sturbridge Village Saturday, May 25th. Proceeds will benefit the Arthritis Research Project. According to tradition, "Squantum" was an occasion when Indians in the Bay Colony area showed appreciation in the Spring for having survived the winter, by holding a picnic, or "Squantum".

JUVENILE GRANGE MEETING

The Mattapoisett Juvenile Grange will meet this Friday night at the Grange Hall. The Degree will be conferred on 12 candidates by the master, Barry Denham, and his officers. Refreshments will be served by Mark Harris and David Bradley.

MEMO To Our Customers

SUBJECT:
HOW'S YOUR CAR'S "RIDEABILITY"?

A hard-steering, rough riding car is uncomfortable, uneconomical and unsafe!
Sometimes it's a surprise to some of our customers to learn that with minimum of service (and a minimum of cost) we can greatly improve their driving comfort and steering control.
If you'll give us just a few minutes, we'll give your car a speedy—yet thorough—free inspection, and let you know what we think would improve any riding or steering problems you may have.
Here are some of the things we'd like to check to make certain you're getting the safest, most economical, most comfortable ride possible:

✓ Need for lubrication—Even if your car is "lubeless," it still requires regular seal inspections and body lubrication.

✓ Tires—Are they wearing evenly? Are they properly inflated? Do they need to be rotated?

✓ Steering parts—We'll check for wear or loosness in steering gearbox, idler arm, tie rod ends and wheel bearings.

✓ Suspension parts—We'll visually inspect ball joints, springs or torsion bars, shock absorbers and stabilizers.

✓ Need For Wheel Balancing—If your car shimmies or shakes, we'll check wheel balance—and balance them if they need it.

✓ Road Test—We'll be happy to drive your car and give you our honest opinion of what services will be needed to give you the kind of ride you want.

GOP WOMEN VISIT HOUSE OF CORRECTION

Mrs. Edna L. Borden, vice-chairman of the Marion Republican Town Committee, accompanied a group of "Marion GOP Gal Associates" on an educational field trip to the Plymouth County House of Correction and Farm.

An informative discussion was held with Sheriff Adnah H. Harlow. The women inquired about possible adverse influence of adult hardened offenders on younger ones. Sheriff Harlow has not found this a problem. On the other hand, he has known of good advice being given to the youthful inmates that it would pay to go straight upon dismissal from the institution.

Sheriff Harlow said instances of rehabilitation have been noted in some cases which seemed extremely hopeless. Sometimes a simple reward such as being allowed to work outside, seems to cause a man to change his former attitude greatly. About one-third of the inmates are working on outdoor work now. Attempts to escape are very infrequent. Men who do not take to farm work serve in the kitchen and other indoor capacities. The group saw the tempting menu for the week, and observed the supper being prepared in a spotless kitchen.

Church services are held in a small chapel. Books and games are available in a small library. Donations of suitable books are acceptable.

The women's department was of interest to the visitors, who noted the admiration the inmates showed for their Matron, Mrs. Stetson. Other staff members, Mrs. Ruth Arnold and Mrs. Chandler, were introduced to the visiting group. Mrs. Stetson explained duties performed by the women which included making all the uniforms worn by inmates. The laundry and large washers, where all of the laundry is done daily, were models of neatness. One elderly woman was busily engaged putting a jigsaw puzzle together.

Sheriff Harlow then donned his ten gallon hat and showed the farm, where the large herd of holsteins and guernsey cows were at pasture in a large field. In the barn, twin bossies were nursing contentedly, and another calf a few days old was side of a mother cow who had adopted the baby calf when the mother died. At the piggery, partly grown pigs were playing around the yard, reminding one of playful puppies and kittens. Inside there were many mother pigs with piglets a few days old, sleeping or eating, and

paying no attention to visitors.

As most of the farm work that was formerly done by horses is now done by machines, and as very few inmates nowadays understand teaming, the number of horses there has dwindled to two, who were munching grass in a lot near the barn.

The group expressed the wish that Plymouth County citizens could observe the studied and understanding planning for rehabilitation of offenders by Sheriff Harlow and his staff, and the competent and systematic way the farm and institutional work is executed.

Those making the trip besides Mrs. Borden were Mrs. Ellen Heuston, secretary of the Town Committee; Mrs. Flora B. Gray, Mrs. Mildred Pierce, Mrs. Astrid Averill, Mrs. Mary Gurney, Mrs. Doris Washburn, Mrs. Leila B. Sherman and Mrs. Kathryn Ellis Nowak.

FIRE WARDEN

AUTOMATIC FIRE DETECTION AND EARLY WARNING SYSTEMS

Civic leaders, Fire fighters, Insurance experts-all agree, your home, boat and business need the protection of a positive automatic fire detection & warning system

Fire Wardens provide an extremely loud alarm to alert you, your family, even neighbors and people on the street! The horn blows for at least 15 minutes, and can be heard over a great distance.

Fire Warden Detectors are extremely heat-sensitive in their protective area — 625 square feet — 25 x 25 feet.

Fire Warden units are fully automatic — carry a permanent self-contained power source that cannot fail!

Fire Warden units have been tested, and are listed, by the Underwriters' Laboratories, Inc., your assurance of full effectiveness!

Multiple units connected with inconspicuous aluminum tubing, can provide complete protection for your home or business.

Let us show how Fire Wardens can protect you. See the installation at
